

# PÁLINKA

Pántlíka Bistrot is committed to promote the best spirits of Hungary.

We smell and taste all of them before they are taken to our selection. We believe that Pálinka is the best type of brandy. We keep many varieties of fruit from a lot of different distilleries, because each has individual taste and soul.

Taste as many as possible to be able to differentiate the fruits, landscapes, technology of cooking, maturing tastes, smells.

Do not drink it as a shot, first smell it, taste it but be careful it is very strong!
